5) Estimated total project cost: \$126,500.00
a. Are any federal funds involved?: No
b. Does this project involve a building?: No
c. Is this part of a larger plan for construction on or appurtenant to the property that is subject to this project?: No
d. Are there any other Public Works Wage Decisions related to this project?: No
e. What is the ultimate purpose or functional use of the construction once it is completed?: To replace a collapsed manhole and repair sewer.

6) Classifications of Construction:

Classification Type and Cost Total	Description
Highway/Utilities (A) Cost: \$126,500.00	To remove, dispose, and replace a failed sewer manhole with a new manhole base, barrel, cone, ring and lid, and external drop inlet. The manhole will be coated with a protective coating to extend the life of the manhole. The manhole must be bypassed while repairs and coating are ongoing, so bypass pumps will be required to handle normal sewer flows during repair. Includes excavation and traffic control.
